MEMORANDUM FOR THE RECORD

SUBJECT: Press Query Re CIA Personnel Dissatisfaction

1. John Unumb called and told me that he had received a call from Mr. John Hightower, Associated Press, who said that he had been picking up items on the Hill concerning alleged dissatisfaction of CIA personnel and DIA personnel arising, at least in part, from continuing adventures in Indochina--that "numbers of these people are looking for jobs on the Hill and resisting transfers to the White House." I told Mr. Unumb that these reports are totally unfounded from anything that we know. This office has picked up no such information.

2. In response to Mr. Unumb's request I told him that I would relay the question at our staff meeting tomorrow, and that we would be on the alert on the Hill and keep him advised.
